## OBJECTIVE

---

objective: Highly motivated and innovative full-stack developer with a strong academic background and a passion for creating efficient, user-friendly applications. Proficient in HTML, CSS, Python, SQL, Flask, and Django. Winner of the PARSEC 4.0 hackathon and experienced in developing solutions like SmartHealth Portal and CampusConnect. Possessing good communication skills and eager to apply my knowledge and contribute to a collaborative environment, with a keen interest in AI/ML and a commitment to continuous learning and professional growth.

## SKILLS

---

Skill Set: Proficient in web development technologies including HTML, CSS, Python, Flask, and SQL. Experienced in building and managing databases, and creating dynamic web applications. Keen interest in expanding my skillset in areas like Machine Learning and AI, leveraging Python for data analysis and model development. Soft Skills: Developed strong analytical, communication, and teamwork capabilities through various academic projects and extracurricular activities. Adaptable to fast-paced environments, with a proactive approach to problem-solving and a commitment to continuous learning.

## PROJECTS

---

1. SmartHealth Portal: Developed a responsive web application for remote health consultations. Integrated real-time video calling, patient record management, and doctor scheduling using React.js, Node.js, and MongoDB. Focused on accessibility, security, and seamless UX for both patients and doctors. 2. CampusConnect: Built a full-stack social networking platform for college students to share events, updates, and opportunities. Used MERN stack with JWT authentication and cloud storage. Designed with user engagement and real-time notifications in mind.

## EXTRA-CURRICULAR ACTIVITIES

---

PARSEC 4.0 Hackathon Winner and College Group Ambassador.

## INTERESTS

---

Demonstrates a strong interest in the fields of Artificial Intelligence and Machine Learning, with a focus on continuous learning and staying updated with the latest advancements in these rapidly evolving domains.

## EDUCATION

---

Secured 81% in SSLC, establishing a solid educational base. Graduated with an 8.2 GPA in B.E, reflecting dedication to engineering studies.
