🎯 OBJECTIVE

objective: A highly motivated and innovative full-stack developer with a strong academic background and hands-on experience in HTML, CSS, Python, SQL, Flask, and Django. Winner of the PARSEC 4.0 hackathon and active college group ambassador. Proven ability to develop responsive web applications, such as the SmartHealth Portal and CampusConnect, with a focus on accessibility, security, and user engagement. Eager to apply my skills and contribute to a collaborative environment, with a keen interest in AI/ML and a commitment to continuous learning.

🛠 SKILLS

Skill Set: Proficient in web development technologies including HTML, CSS, Python, and Flask, along with database management using SQL. Experienced in developing and deploying web applications, and also passionate about leveraging Python for AI/ML applications. Soft Skills: Demonstrated strong teamwork, communication, and time management skills through various projects and extracurricular activities. Adaptable, quick to learn new technologies, and possess a proactive approach to problem-solving. Confident in both independent and collaborative work environments.

💻 PROJECTS

1. SmartHealth Portal: Developed a responsive web application for remote health consultations. Integrated real-time video calling, patient record management, and doctor scheduling using React.js, Node.js, and MongoDB. Focused on accessibility, security, and seamless UX for both patients and doctors. 2. CampusConnect: Built a full-stack social networking platform for college students to share events, updates, and opportunities. Used MERN stack with JWT authentication and cloud storage. Designed with user engagement and real-time notifications in mind.

🎨 EXTRA-CURRICULAR & INTERESTS

`Activities:` Awarded 'Winner' at the PARSEC 4.0 Hackathon and served as a College Group Ambassador.

`Interests:` Exhibits a strong interest in the fields of Artificial Intelligence and Machine Learning, with a focus on continuous learning and staying updated with the latest advancements in these domains.

🎓 EDUCATION

Secured 81% in SSLC, indicating a solid educational background. Earned an 8.2 GPA in B.E, reflecting dedication to engineering studies.
